CLUB NOTICEBOARD

Warragul National Competition and Exhibition 2020

Volunteers wanted

If you are not able to attend the February meeting and would be willing to put your name down on the roster for helping with our National please email yours truly or one of the committee people so we can put your name down.

For those of you who are coming we will be circulating some roster sheets for you to put your name down. Already I have one member contact me and say she is willing to help and could I put her name down, that is lovely thank you.

What we need:

Friday 3rd April setting up the rooms at **St.Pauls Grammar School, Warragul**, Science wing from 4pm onwards.

Saturday 4th April is our **Judging Day**, where we need all hands on deck. For those of you who have enjoyed the process of helping with the National you know the drill. For those who have not done so yet, what better way to view a huge display of National level entries. Why not volunteer to join our team and learn what goes on?

Thursday 22nd May at 4pm is when we set up the Exhibition at the **Fountain Room of the Warragul Arts Centre**. This entails putting up the display boards and then putting up the prints onto these display boards.

Friday 22 May and Saturday 23 May from 10 – 4pm the Exhibition is open to the public and we need people to man the welcome desk. We break the day up into AM and PM so you can do what time suits you, either morning or afternoon (10am-1.00pm or 1.00pm - 4.00pm).

Sunday 24th May from 10 – 4pm is open to the public, with the **Awards Ceremony at 2pm**. At 4pm we 'bump out' the exhibition which means we dismantle everything.

If you can help with volunteering please let us know (Jane or Ruth).

In the meantime, if you have any questions or want to talk to me about anything related to the National please do not hesitate to contact Jane Woodcock on 56281518 or email me via enquiries@warragulnational.org

Helping out at the Nationals on Judging Day, at St Paul's School, Warragul, is a great way to learn heaps about photography, how the judges make decisions and simply to enjoy seeing some terrific photography. Oh, and of course, you get to meet your fellow club members too! So, give it go and put your hand up!

There are many ways to help out: maybe you have some special technical skills to share, such as keeping everyone refreshed with cups of tea and coffee! All roles are supervised and you will be supported and guided throughout by room supervisors.

Our Nationals Committee members work hard to make this special event happen each year, and this is your opportunity to show your appreciation and to be a part of it all.

PORTRAIT COMPETITION

Our club has accepted a very exciting invitation by CAMBERWELL CAMERA CLUB to participate in a ten club Portrait Competition to be run in conjunction with Monash Gallery of Art (MGA) who will be launching this new annual, photography competition.

The ten Club Portrait Competition will be held at the MGA on the evening on **Monday 22nd June 2020** and will feature judging and image critiques by two of Melbourne's most celebrated professional portrait photographers, Nick Ghionis (https://nickghionis.com/) and Rocco Ancora (https://www.roccoancora.com/).

Quote from Camberwell CC

"The most important photos that we as amateur photographers are asked to take are portraits of friends and family – these are the photos that may be cherished by loved ones and passed down to future generations. This competition has been formulated in recognition of this fact and will allow us all to enjoy a competition where we can learn more about the art of portrait photography from the images of others and from the comments of our expert judges. We envisage that the portrait competition will become a significant event in the Victorian amateur photography calendar into the future.

*The presentation night is **Monday 22 June at the MGA.***

*The three competition categories are: **single person; two or more people; and abstract.***
Each club can enter 10 images in each category with a maximum of two images from any club member.
*All entries will be **DPIs**. Entries must be lodged by **25 May 2020**.*

Our judges have kindly agreed to professional print the winning and runner-up images in each category and the MGA then wishes to exhibit them at the gallery for a period.
An award will be made to the club with the highest aggregate points score. More detailed rules etc will be available shortly. There is no fee associated with participation.

In addition, importantly one of the judges, Nick Ghionis, has very generously agreed to conduct an evening workshop at no charge, on portrait photography individually for participating clubs prior to the due date for the submitting competition images. "

There will be two workshops run by Nick Ghionis one at **Berwick Viewfinders CC on Thursday 9th April at 7.30pm** and one at **Camberwell CC on Monday 13th April**. We can go to either of these workshops **BUT** they need to know numbers. So, **if you are intending to go to either of these workshops you will need to let me know by Thursday 2nd April** definitely, so I can let them know via a group booking.

Cheers Ruth

Club Calibrator for Hire

Colours and brightness of computer screens and monitors change over time. In order to see images correctly screens and monitors need to be regularly calibrated.

To save club members the expense of purchasing a calibrator (in excess of $600) you can hire the club X-rite i1Studio calibrator for $15 per week. If you are unfamiliar with its usage, a helpful tutorial is available on YouTube. Details of this tutorial have been document and will be in the calibrator case.

February Club Competition

Our guest judge for the February competition, 'Abstracts', will be Gary Beresford from Sth. Gippsland Club. Here is a copy of Gary's biography. Be sure to check out his wonderful work on his website at https://garyberesfordimaging.com/.

Gary Beresford is an award winning photographer who specialises in Rural and Natural Landscapes, and Australian wildlife. Gary is widely travelled and has spent time "farm sitting" around Australia before settling in the green rolling hills of the Strzelecki Ranges of South Gippsland. His photographs vary from classic landscapes to close up images displaying the lives of insects. He has a particular affinity with Australian birdlife and attempts always to capture their unique behaviour in his photographs. His subject matter is quite diverse, but always with a feel for natural and rural life.

President's Report
February 2020

Welcome to the start of what promises to be a great year in 2020. We have many exciting and inspirational things planned for this year so be sure to keep an eye on the upcoming events in our wonderful informative newsletter.

We started the year off with a fabulous tutorial by Jan Burt presenting her knowledge and experience in audio visuals to an appreciative audience of 25 members. Jan spent the evening explaining the important things to remember when putting an AV together and we were treated with a wide variety and award winning AVs. It was a very inspirational evening and I'm sure many members are itching to produce some wonderful work. Jan discussed and presented an AV that was a group effort by her club, the Rosanna Photographic Club. It was a fantastic way of pulling together and learning about AVs, which obviously included a lot of fun. For those members who might be interested, Ruth Burleigh is calling for members who wish to be involved in forming an AV group to look at producing a similar group AV. Look out for her post in the newsletter and also an email asking for you to be involved. What a great way of learning how to produce AVs and have a lot of fun and laughter along the way.

We have had our first VAPS Convention 2021 meeting for the year and Ruth Burleigh, with the assistance of Paul Robinson, is taking on the coordinating role and with their wealth of knowledge and experience, we are in good hands with the continued organisation of the convention in 2021. I'd like to thank them both for taking on this important role. We have a great sub committee of determined and enthusiastic members to make this a great event and please be prepared to assist in any way you can to help the club. There will be more news as we get closer and more planning is confirmed. Stay tuned!!

Thanks to the members who have contributed to the club exhibition held at Through Life Physiotherapy in Brandy Creek Road, Warragul. Please take the time to have a look and let friends and family know. It's a great way of promoting our camera club and many thanks to Ruth Burleigh and Carol Monson for curating and installing the images.

We have been invited to participate in a portrait competition held by the Camberwell Camera Club in conjunction with the Monash Gallery of Art (MGA). We are honoured to be chosen to be one of only 10 Victorian clubs to participate in this competition. Submission to this competition is in May so you have got a little time to get organised but time flies so don't leave it to the last minute. We may look at organising a portrait tutorial in the next couple of months to assist you.

We have also been invited to attend a free portrait workshop by one of the judges, Nick Ghionis. More information about this special event is in this newsletter.

The 2020 National Exhibition is now open for entries. Please sign up now and think about the images you have in your arsenal that you can use. Go to www.warragulnational.org to have a look at the categories and register. All the dates and rules are there so make sure you familiarise yourself with them. It's the important event that our club presents and organises and is one of only three national exhibitions run by a Victorian camera club. We will also be calling for members to assist on Judging day on Saturday 4th April so please put your name down if you can come along. It's a great day of fun and socialising with other club members with the important element of learning and assisting in the knowledge of how judging a prestigious competition can be.

Don't forget to keep working on your images for the "Old Milking Sheds/Dairies in the Warragul District" competition. Submissions are due at the March meeting. Read more about this in the Club Competitions tab in the Competitions section of the club website.

By now you will have received an email from Laurie requesting your feedback in regard to the way we handle monthly competitions. Please think carefully about this and participate in this survey as we will be making important decisions about how we set up these monthly member's image submissions. Now is the time to have your say as it will be too late when any decision is made for the future. If you need further information about this please contact Laurie at the next meeting or his details can be found in this newsletter.

Ron Paynter, our Outing Steward, will be in contact with you (if he hasn't already) in regard to a fun, social day on Sunday, February 2nd, to join together for a midday BBQ held at either Burke Street park, Warragul. A great day with some special photography "shenanigans" are promised so come along and enjoy a great social day. More details will be forwarded to you shortly.

Paul Robinson will be running next months Tutorial night on The Gestalt Theory and applying this in our photography for better compositional techniques. This will be a fabulous presentation with some great new knowledge and skills to look at. Paul is a terrific presenter so don't miss this opportunity. Remember it will start at 7pm at the Mawarra Centre club rooms.

Lastly and most importantly....don't forget to check out the camera club's website (www.warragulcameraclub.org) and view the calendar to keep up with all that has been organised. I hope to see you at the club BBQ on Sunday 2nd February.

All the best for now,
Bruce Langdon

Monday 13 January 2020 Tutorial Session

Ruth Burleigh has kindly made a short report for us on the recent Audio-Visual tutorial night presented by Jan Burt from the Rosanna Camera Club.

"*I think we had 24 members attend this night and both Jan and myself were very pleased about that. Jan also mentioned how thrilled she was that she received so many questions. We stayed up until the wee small hours of the night afterwards chatting and catching up on AV news within the AV APS Group. Guess what, they are looking for a new chairman and guess what, I am not stepping up to that job, much as I love the AV's.*
Are any of you interested in forming an Audio-Visual Group within our club for the purpose of making a club AV? If so please email me and let me know.

It was quite a shock to me when Jan announced last night that ProShow Producer which is the software I use will finish on 31st January 2020. You can continue to use it. But if you wish at a later stage to install it on another computer, you will need the two .exe installers and your registration key. You should download them until then and store them somewhere safe. Photodex has informed us that for a few years you will still be able to install and activate using the key provided you have them.

Jan made some suggestions for sites for more information etc.,

YouTube https://youtu.be/TMGINV-cm8E this will explain very clearly what is going on and what you should do. It also draws attention to the application which replaces it 'Photopia'

Photodex.com their website provided confirmation of what is clearly shown on the YouTube.

There are other applications that are suitable for PC systems. Many AV producers in the U.K. and South Africa use Pictures to exe.

An excellent application that should be considered is Black Magic's DaVinci Resolve. There is a free version available for the likes of us."
