President's Report

January 2021

Welcome to the January newsletter and if you are receiving this later in December which is probably the case, let's all blow a huge raspberry to this awful year and hope that 2021 is a lot kinder to us all!!

I hope everyone had a lovely Christmas catching up with family and friends after many months of being apart for so many.

What a great night for the End of Year Awards night and finally getting together after we were forced apart for so many months. It was so good to see everyone there and congratulations to all our terrific award winners. You will see some photos in the newsletter courtesy of Ruth and Russell. Thank you all who came along to make it a great night and the weather was just so kind to us.

As we are planning next year's activities, please look at the interest groups and the events they have organised. Check

out the calendar to keep up to date with what is happening. Please Coe along and support these groups as you will gain so much information.

2021 Warragul National

The 48th Warragul National will proceed next year with entries open from early January and closing on 17th March.

The sections will be the same as the 2020 Warragul National with both Print and Digital sections. Thanks to Jane for getting on top of this and organising the 2021 event and here's hoping for a better year with great success.

2021 Competitions

The 2021 competition is now underway and the submitting of images for February's "Still Life" subject needs to be done by 11:30pm on Monday 4th January (General Meeting night). Don't forget to check the competition schedule on the club website under the Competitions tab. Print this out so you are all over the subjects and submission dates for next year.

January General Meeting

Until we have assessed the restrictions and rulings and also looked at Mawarra, we will continue to hold our meeting via Zoom. Hopefully it won't be long before we can get back to face to face meetings.

I will keep this report brief and look forward to sharing some exciting times in the coming year.

"Great photography is about depth of feeling, not depth of field."

All the best, Bruce

Club Calibrator for Hire

Colours and brightness of computer screens and monitors change over time. In order to see images correctly screens and monitors need to be regularly calibrated.

To save club members the expense of purchasing a calibrator (in excess of \$600) you can hire the club X-rite i1Studio calibrator for \$15 per week. If you are unfamiliar with its usage, a helpful tutorial is available on YouTube. Details of this tutorial have been document and will be in the calibrator case.

Mid Week Outing Group

Outing to Broughton Hall

Mid week outing for December was at Broughton Hall, Jindivick on Thursday 10th December and considering the time of the year was well attended. The weather was kind to us and made it pleasant to wander the beautiful gardens. There was opportunity to experiment with Macro and Landscape Lenses and hopefully everyone came away with some great shots. Stay posted for January's outing as still to be finalised.
